

[Road Safety Concern Form \(cumbria.police.uk\)](http://cumbria.police.uk)

The new 'Road Safety Concern Form' has now gone live on Cumbria Constabulary website

In future, requests/complaints received should be submitted by using this form (it gets directed into a central email pot - RoadSafetyConcerns@cumbria.police.uk, so if one Casualty Reduction Officer is off, another can deal if urgent). It can be used for all manner of issues, preferably just Police related ones, although we have received a significant amount of forms relating to issues which should be dealt with by our partner agencies. Anything from 'speeding in my village', 'we want a 20 mph limit', 'I want to report my neighbour for drink driving' etc. The idea is it will take some pressure off 101 and also, we can assist in building up a better picture of what is happening in our area, not just speeding, but ASB driving
